LAVAL, Quebec, Sept. 21, 2022 – Bausch Health Companies Inc. (NYSE/TSX: BHC) (“Bausch Health”) and its dermatology business, Ortho Dermatologics, today announced the recipients of their 2022 Aspire Higher Scholarship program. The program, which has provided a total of \$918,000 in scholarships since launching in 2013, will award nine students who have been treated for a dermatologic condition with a scholarship of up to \$10,000 to pursue their undergraduate or graduate degrees.

“For nine years, Ortho Dermatologics and our Aspire Higher Scholarship program have supported approximately 70 students who have been affected by dermatologic conditions by helping them achieve their higher education goals,” said Richard Lajoie, vice president and general manager, Ortho Dermatologics. “We are proud to continue that support with the 2022 Aspire Higher Scholarship recipients who have inspired us with their personal stories. We are truly honored to have the opportunity to help them pursue their academic aspirations through this scholarship, and we also thank the health care providers who had a critical hand in helping to treat their conditions.”

The 2022 honorees were chosen from nearly 200 applications and were selected in part due to their essays that provided an overview of their educational journeys while living with dermatologic conditions and the role a health care professional played in treating the condition.

The program recognizes students nationwide across a wide range of educational pursuits, with scholarships in three categories, including the Undergraduate Scholar Awards, the Graduate Scholar Awards and the Today’s Woman Scholar Awards for mothers pursuing undergraduate or graduate degrees.
