**ORTHO DERMATOLOGICS ANNOUNCES 2021 ASPIRE HIGHER SCHOLARSHIP RECIPIENTS**

**Scholarships Awarded to Nine Students Affected by Dermatologic Conditions**

RALEIGH, N.C., July 29, 2021 – Ortho Dermatologics, one of the largest prescription dermatology health care businesses, today announced the recipients of their 2021 Aspire Higher scholarship program. The program, which began in 2012, will award nine students who have been treated for a dermatologic condition with a scholarship up to \$10,000 to pursue their undergraduate or graduate degrees.

“For nine years, Ortho Dermatologics has supported students in achieving their higher education goals through our Aspire Higher scholarship program. Beyond the demands of their schooling and extracurricular activities, these students have also had to manage the burden of living with a skin condition,” said Scott Hirsch, senior vice president and chief strategy officer, Bausch Health, and president, Ortho Dermatologics. “The stories our 2021 scholarship recipients shared with us are inspiring, and we are honored to provide them with this award to recognize their achievements and help them pursue their academic aspirations.”

The 2021 honorees were chosen from nearly 150 applications and were selected in part due to their essays overviewing their educational journeys while living with dermatologic conditions and the role a health care professional played in treating the condition. The applications were judged by an independent panel of dermatologists from across the country.

The Aspire Higher scholarship program recognizes students across a wide range of educational pursuits, with scholarships in three categories, including the Undergraduate Scholar Awards, the Graduate Scholar Awards, and the Today’s Woman Scholar Awards for mothers pursuing undergraduate or graduate degrees.

The 2021 Aspire Higher scholarship program recipients are:

- **Undergraduate Scholar Awards**

“Living with a skin condition can often be very difficult, especially when managing school – much of which was particularly challenging this year due to remote learning - and other activities. Thanks to the generosity of Ortho Dermatologics, I will be one step further toward achieving my goal of receiving a degree in Physical Therapy and Exercise Science,” said Hillary Hardin, Felician University, North Bergen, N.J.
