**ORTHO DERMATOLOGICS ANNOUNCES 2020 ASPIRE HIGHER SCHOLARSHIP RECIPIENTS**

**Scholarships Awarded to Nine Students Affected by Dermatologic Conditions**

RALEIGH, N.C., July 27, 2020 – Ortho Dermatologics, one of the largest prescription dermatology health care businesses, today announced the recipients of their 2020 Aspire Higher scholarship program. The program, which began in 2012, will award nine students who have been treated for a dermatologic condition with a scholarship up to \$10,000 to pursue their undergraduate or graduate degrees.

“At Ortho Dermatologics, we know that the physical and emotional burden of living with a skin condition can make it difficult for students to manage their academics and extracurricular activities,” said Bill Humphries, president, Ortho Dermatologics. “We are proud to continue the Aspire Higher scholarship program to help students affected by dermatologic conditions reach their educational goals, while also celebrating the positive impact dermatologists and health care professionals have had on their lives.”

The 2020 honorees were chosen from nearly 220 applications and were selected in part due to their essays describing the impact of their dermatologic condition and the role that a dermatologist, physician assistant or nurse practitioner played in helping to treat their condition. The applications were judged by an independent panel of dermatologists from across the country.

The Aspire Higher scholarship program recognizes students across a wide range of educational pursuits with scholarships in three categories, including the Undergraduate Scholar Awards for those pursuing undergraduate degrees, the Graduate Scholar Awards for those pursuing graduate degrees, and the Today’s Woman Scholar Awards for mothers pursuing undergraduate or graduate degrees.

The 2020 Aspire Higher scholarship program recipients are:
